

# Tetiana's Story

Tetiana was matched with Liz in Dublin at the end of 2022. She moved into her host accommodation having previously lived in a hotel.

I lived in Ukraine in the city of Kyiv. I came to Ireland on 30th of March 2022. I got introduced to Liz and her son Daniel on December 30th. I am very happy that I have joined this family. **I feel very lucky to have reached this family because they love me and my pet dog very much.** For me, it was very important that this family loved pets. Liz is a very wonderful, kind and very interesting person. She always reaches out to help me with everything. She even **helped me to join an English language course.** When my pet dog became ill, she immediately took us to a veterinary clinic. **Now Liz and Daniel have become like my own family.** I am very thankful that they both like me so much and are so helpful to me. They offer me all the comforts in their house. **On my birthday this summer, Liz gave me a beautiful surprise by arranging my birthday party, which I will remember for a long time.** We even went to see the sunset together. This summer we have been to the beach many times with our pet dogs and spent a beautiful time over there. I'm very attached to them. They are very kind and understanding to me.
